

SHOOTING GALLERY ASIA

# Asia's One-Stop Production House.

---

***We are Asia's one-stop shop for Film & TVC Production, Commercial Photography, 3D CGI/Capture & Print, Digital Imaging and Original Content Creation.***

---

With a presence in 9 countries across Asia and beyond in Singapore, Shanghai, Jakarta, Vietnam, Manila, Malaysia, Paris, New Zealand & The Maldives, we offer an extensive production support network wherever project and client needs may take us.

# Film & TVC Production

*Our works straddle both the independent and commercial spheres, and range from full features to short films, TVCs to webisodes. We are well-connected regionally and internationally, and a recognised steward of the film industry, supporting the Singapore International Film Festival and Singapore Short Film Festival.*

*Our iconic and memorable TVCs such as the IKEA 'Dog', MI 'Indian Restaurant' and NTUC Income 'Insurance Made Simple' resonate with and help define generations of audiences.*

# Film Exhibition & Distribution

*Sinema Media is a Film Exhibition, Consultancy & Training company. And Objectifs Films is South-East Asia's only international short film distributor.*

We love to help organisations and independent filmmakers shape and craft their ideas and make them market-ready, and Sinema Media exists to that end.

Objectifs Films is Singapore-based and dedicated to bringing the world of Asian short films to a global audience. It distributes Asian short films of all genres and types to various platforms including television stations, Internet sites, educational institutions, airlines and other screening venues internationally.

We are also associated with other distributors in the region and can be your rainmaker.

# 3D CGI & Digital Imaging

*Always at the cutting edge and blurring the lines between reality and digital worlds, our Digital Imaging & 3D team has been well-awarded since inception.*

Our well-awarded team of artists have, beyond the vast breadth and depth of digital imaging experience, a deep understanding of the production workflow to truly deliver on your vision.

And they genuinely enjoy realising visions and granting wishes. As they say, the stylus is mightier than the sword. And nothing is impossible for us in the land of bits and bytes...

# 3D Capture & Print

*The magic of 3D capture and print bridges virtual and real worlds, and it is our latest hobby!*

It is exciting being able to transcend boundaries and give form to virtual objects and vice versa. We have a 360 degrees, 80 DSLR, Single-Shot 3D capture & scan system able to generate high-resolution 3D models of both objects, human and animals.

Also in our arsenal is a professional grade 3DSystem ProJet 3D printer and with it, we can turn '1's and '0's to atoms and molecules, whatever your idea may be.
